

SCULPTRA

POST-CARE INSTRUCTIONS

- Massage the treated area 5 times a day for 5 minutes for 5 consecutive days.
- Normal reactions include swelling, bruising, and tenderness, which can last 1-2 weeks.
- Homeopathic remedies to help with bruising include massaging with topical supplements, utilizing red light therapy, and increasing fluid intake.
- Normal activities may be resumed immediately following treatment.
- No makeup or strenuous exercise for 24 hours post-treatment.
- Please report any skin color changes, extreme pain, blistering, or rashes immediately to Skininnovations at 715-506-2222.
- Schedule your next treatment/follow-up appointment in 6-8 weeks.
